A Message From Our Lay Director

DeColores everyone, hope you all had a great summer. Well here I am writing my first official greeting as new Lay Director, and I have found out that that there is a lot for me to learn and I pray that my learning curve won't be too long. I know the past secretariat members and everyone that was involved in keeping our Cursillo movement alive were thanked, but I would like to offer my personal thank you to each of you, for your commitment to our Cursillo Movement and I know that your love for Cursillo was your priority.

As you all know, it will take the support and efforts of many Cursillistas in getting our movement more alive and vibrant again. So basically we need your help to start, we need candidates both women and men to make our movement grow. You all remember the feeling of joy you all had after making your weekend, wouldn't it be great if you could have your friends and family members share this experience with you. Just as important, we need the sponsors of candidates to properly instruct the candidates of what Cursillo is all about, they have to know what the weekend entails (minus the palancia and closing). Sponsors have very important responsibilities to ensure their candidate have a successful weekend experience and it carries over into their fourth day. Always remember to talk to God about the candidate before talking to the candidate about God.

For those of who did not know, it was decided to add a women's weekend this fall, Nov. 10 to 13/16, because the last womens weekend in June was such a success we wanted to keep the momentum going and not wait until next spring. I would like to thank the Rector, Sharon "Burke" Randles and her team for saying yes to leading this weekend especially on such a short notice. I ask for everyone's prayers for the team in their preparation and safe travels to the meetings and to both the team and candidates for a successful weekend.
